

LED lighting upgrades have never been easier!

Gray is proud to now offer [complete turnkey lighting projects](#), including the installation of new LED fixtures and bulbs! We take care of everything:

- 1) Evaluation of your existing lighting,
- 2) Creation of a new LED lighting system,
- 3) Complete analysis of return on investment/payback,
- 4) Quotation for material **and installation**,
- 5) Preparation of all necessary documents for the Hydro-Quebec subsidy application!

This complete service is completely free and requires no commitment on your part.

If you decide to go ahead with the project, we will coordinate the delivery of the material and our team will perform the full installation for you! You won't have to worry about finding a contractor and planning everything separately.

In addition, Hydro Quebec currently offers [subsidies of up to 90% of the cost of LED lighting upgrades](#) (including materials AND installation!). We will complete all the application documents for you. That being said, this program is subject to change at any time, so now is your chance to take advantage of it. Contact us today and we'll provide you with a complete analysis and turnkey quote (at no charge and no obligation!).

It will be our pleasure to help you reduce your energy consumption and improve your lighting!
